

CASIO EX-S600

Cost: \$69

Length: 2 hours

Covers:

- Basic and advanced camera functions
- New MP-4 movie ability
- Information on new functions in S-600 including Anti-shake mode, and Revive Shot

Only a bit larger than a stack of credit cards, the Casio S-600 does a lot more than its size would indicate. We'll discuss some of the new features in the S-600, including the new MP-4 movie mode, the Revive Shot mode, Anti-Shake feature, Auto Macro, Quick Shutter and the 33 Best Shot Modes. Bring your camera, and fully charged battery to learn what this camera can do.

Date/Time:

Monday, July 24, 5:30pm

Saturday, August 26, 10:30am

NATURE PHOTOGRAPHY

Cost: \$69

Length: 2 hours

Covers:

- Camera operations & settings
- Equipment options & techniques

This is a class for the aspiring nature photographer as well as those who seek to improve their results. We'll talk about equipment options, lenses, camera operations and camera settings to give you the best results. From macro photos to large animal photography, we'll discuss techniques and equipment to use for more successful images.

Date/Time:

Monday, July 31, 5:30pm

Saturday, August 26, 3:00pm

F/STOPS — HUH?

Cost: \$69

Length: 2 hours

Covers:

- f/stops
- Shutter speeds
- Depth of field

If you can't tell an f/stop from a bus stop, this is the class for you. Whether you have a film or a digital camera, the principles are the same. In this class, we'll explain the relationship between f/stops, shutter speeds, depth of field and how to make them improve your images. This is a class for anyone who has an SLR (single lens reflex) style camera with interchangeable lenses, whether it uses film or is digital. Bring your camera, lenses, fully charged batteries and if you have them, and are brave enough, examples of your successes or failures.

Date/Time:

Tuesday, August 1, 5:30pm

VACATION PHOTOGRAPHY

Cost: \$69

Length: 2 hours

Covers:

- Camera operations & settings
- Equipment options & techniques

Do your vacation photos just stay in your shoebox or on your computer to never be seen by anyone after you return home? We have a class to help you make more memorable images from your favorite place, event or family outing so you can show off your photos! It will cover cameras, choice of lenses, as well as tips and strategies to use for more successful image making from your vacation. This class is for those who understand how their camera works and just want some hints and tips to make more pleasing images. All types and sizes of camera as well as users are welcome.
